

Open Design Engine - Bug # 264: New Project Creation Does Not Require Selection of Software or Documentation Licenses

Status:	New	Priority:	Normal
Author:	Jeremy Wright	Category:	
Created:	08/19/2014	Assignee:	Christopher Sigman
Updated:	08/19/2014	Due date:	
Subject:	New Project Creation Does Not Require Selection of Software or Documentation Licenses		
Description			
If you select the hardware license, but not other licenses, the project is still created. I think it should at least stop you if you haven't selected a documentation license.
